I intend to shape my career in a competitive organization that operates in challenging scenarios, effectively utilizing my skills, knowledge, and ability to undertake greater responsibilities. With the help of my sincerity and hard work, I aim to achieve website development goals.

Experience

UI/UX Designer (Internship)   *10/2023-11/2023*

Branding Catalyst Pvt Ltd.

- I have worked on the UI For The Yoga App which helps the user to see the welcoming home screen with easy navigation to beginner, intermediate, and advanced yoga modes.
- Users can access structured courses, purchase products, and subscribe annually for unlimited access. With a secure payment gateway and offline access to classes, practitioners can enjoy yoga anywhere.
- Additionally, I've implemented features to facilitate community interaction, offer personalized profiles, and integrate feedback mechanisms for ongoing enhancement.

TECHNICAL EXECUTIVE   *2023-2024*

Order On Messiah

- User-Centric Design: Implement user-centered design principles to create intuitive and seamless interfaces that prioritize user needs and preferences throughout the ordering and delivery process.
- Mobile Responsiveness: Ensure the app design is optimized for mobile devices, considering different screen sizes and resolutions to deliver a consistent and enjoyable experience for users on smartphones and tablets.
- Efficient Navigation and Information Architecture: Design clear navigation and information architecture to help users easily browse menus, customize orders, track deliveries, and manage their accounts without confusion.
- Visual Design and Branding: Create visually appealing interfaces that reflect the brand identity of the food delivery service, using appropriate color schemes, typography, imagery, and iconography to enhance the overall user experience.

GRAPHIC DESIGNER   *2016-2021*

Perfect Prints

- I specialize in crafting visually stunning designs tailored to meet client specifications, encompassing banners, visiting cards, wedding cards, magazines, and brochures. With a keen eye for detail and a dedication to meeting client needs, I create impactful and memorable designs that effectively communicate their message and brand identity.
